

Greater than / Less than

When you are exploring numbers make sure to talk about these important concepts. You can ask questions such as:

- What numbers are greater than 3? What numbers are less than 3?
- Which number is greater than 6, the number 2 or the number 10?
- Can you make a pile of shoes that has less than 5 shoes in it?
- Can you make a pile of crackers that has more than 3 crackers in it?
