

- **Activity 2: Oven Rack Weaving**

Materials Needed: Oven Rack, Ribbon or Shoelace.

Learning Target(s): I can weave using a up and down motion.

Directions/Instruction: With a cooled oven rack remove it from your oven. Take a long ribbon or shoelace and demonstrate weaving the ribbon through the rack for your student. Then, have your student try. If your student needs help you can place your hand over their hand to demonstrate the motion, or even under their hand to demonstrate the motion.

Challenge: Have your student practice lacing their shoes or even your shoes.
