

Dear Preschool Families:

Thank you for being patient as we have worked to identify daily schedules for our Inclusive Preschool, Head Start, and ECEAP preschool students. We wanted to be thoughtful of how schedules were developed, taking OSPI, Head Start, ECEAP, and Early Learning recommendations into consideration, meeting students' developmental needs.

Like with our Elementary, Middle and High School, preschool students will have access to live instruction daily, with predictable schedules and routines, as well as:

- opportunities to connect with teachers and classmates about academic content and for social/emotional connections,
- structured time and support for students who receive Special Education and/or ELL services,
- access to recordings of instruction so they may review again or at another time,
- opportunities to receive 1:1 small group support, as needed, and
- feedback on assignments and learning progress.

Access to Live Instruction will include

- Short periods of instruction from a teacher to the whole or parts of the class.
- Students interacting with one another as a whole class or in small groups.
- Students working on assignments, receiving support from a teacher or paraeducator.
- Teacher "Office Hours", where students are working independently, but students and/or families have access to ask questions and get support.
- Small group or 1:1 instruction.
- Other opportunities for students, families, and teachers to interact around academic and/or social emotional learning

Additionally, live instruction will be developmentally appropriate and tailored to meet the unique needs of our youngest learners. As part of instruction for students, family support will also be provided.

Preschool Schedules:
