iPP Terms and Conditions

- By purchasing the Renton School District iPad Protection Plan (iPP), you attest that:
 - you are a parent/guardian of a Renton School District student
 - you have read and understand the rules & financial responsibilities of the program
 - you agree to all terms and conditions of the program
 - you voluntarily enroll your student for the current school year
- Each student with a district iPad or Chromebook must be enrolled in the iPP (*or CPP for Chromebooks*) separately. Families with 3 or more students in the district only need to pay for two students' enrollments. For all additional students, select the "G2102 MULTIPLE" option. Please note, you will be asked to verify which two students in your household have been paid for.
- Two incidents total, in any combination (damage/stolen), are covered per year.
- If a lost or stolen iPad is later recovered in working condition, the fee will be refunded.
- All District owned devices must be returned (including the iPad, charger, and case). If a student leaves the district without returning the iPad, they will be fined for the full replacement cost, and standard rules for the restriction of records and transcripts would apply. Law enforcement may be involved for the purpose of recovering district property.
- If technical problems occur with the device, the school will provide a loaner iPad while Renton School District's Technology Services repairs the device. Do not take RSD-owned devices to an outside computer service for repair.
- Intentional damage is **not covered** under this plan.
