

Identify Numbers 1-10

Help your child learn to identify numbers 1-10 by finding the numbers in your everyday surroundings.

- Provide a [number card](#) and search for the number on everyday objects such as food packaging.
- spread the [number cards](#) out on the table and ask your child to find a certain number.
- point out page numbers when reading books together.

1	2	3
4	5	6
7	8	9
10
